**This calendar of section-wise classes is tentative. Changes can be introduced by the Management as per situations, if needed. So, don't take the schedule in absolute sense. Rather consider it for building an understanding, how the classes will proceed.**

**NOTE:** To maintain pace and finish on time, some modules are taught parallelly like:

1. The History and Economy sections (although economy will be finished early)
2. Some classes of Ethics and GS paper 2.

It will not be burdensome, rather one must understand that due to contemporary and current developments, teaching comprehensively, takes time.

3. Every Saturday ED Class (Editorial Discussion) based test at 2 PM.
